

India, Delhi: Soulcial stitching in Saket

Soulcial stitching in Saket

If you are looking to have a suit or dress made, curtains, bed linen, or just want to have clothing let in or out or turned up you would be doing a great service by choosing Sun Enterprises, a tailor which makes far more than just clothes...

Located near Saket metro station in New Delhi, Sun Enterprises provides a range of garment stitching and creation services.

But more importantly, Sun Enterprises founder Kuku Arora is the heart and soul behind The Sunshine Project (www.sunshineproject-delhi.org), an NGO which provides day care, education and food for around 170 slum and street children. Kuku set up and runs the education project with the profits from his tailoring business, as well as donations from volunteers and sponsors.

The project is located on the same premises as the tailor's workshop, so you can also help out and volunteer while your clothes are being made or amended! Whether by reading stories, speaking English, doing some theatre or singing with the children, your time will be appreciated far more than you can imagine!

The address of Sun Enterprises is: 63, 1st Floor, Kehar Singh Estate, Saidulajab, 110030 New Delhi.
You can call in advance to make an appointment on 981 11 138 280.

A stitch in time can mean a whole lot more!
