

**GREAT HELP FOR
CHILDREN IN NEED IN
INDIA**

01. April 2021

**Mastercard and Miles & More
support help alliance again with
successful donation campaign**

SUPPORTED THANKS TO THE DONATION CAMPAIGN:

■ **Sunshine project „School Education and a Happy Childhood for Slum Children“ in New-Delhi**

The Sunshine Project has been providing children with medical care, healthy nutrition and, above all, schooling since 2005. Founded by the tailor couple Kuku and Priti Arora, the after-school care center started with just 17 children; today, 250 young people are supported there.

This is made possible by donations. Sponsors support a child with 15 euros per month, giving him or her the chance to lead a fulfilled and self-determined life. [To the project page](#)

“Especially in the Corona pandemic, it is more important than ever that needy children and young people have access to basic things such as meals, hygiene and, of course education. Because education is the foundation for a sustainable development. Through the joint campaign with Miles & More and help alliance, we can make a contribution to this.”

– Andreas Mechler, Vice President at Mastercard Europe SA
